B.Tech – Information Technology

University College of Engineering (BIT Campus),
Anna University, Tiruchirappalli

Internship Details & Company Profile

ORMATRIX – Complete IT Solutions

Location: Pudupalayam, Cuddalore, Tamil Nadu

Domain: Full Stack Web Development

ORMATRIX At a Glance

Web development
Software solutions
Mobile app development
UI/UX development
Database solutions
Technical consulting

Internship Focus

Full Stack Web Development
Frontend Development
Backend Development
Database Management
Testing and Integration

Project Introduction –
EduNova Student Learning Portal

A full-stack web platform that empowers learners to explore, learn, and grow — all in one place.

Student Experience

Secure registration and login
Explore courses and content
Access learning materials
Track progress
Manage personal profile

Administrator Control

Manage users
Manage courses
Manage learning materials and resources

Student

Learns and engages with content

EduNova Platform

Unified learning experience

Learning Resources

Courses, materials and resources

Problem Statement & Objective

EXISTING CHALLENGES

Resources scattered across platforms

Difficulty accessing materials

Manual student/course management

Limited progress tracking

No centralized resource management

EDUNOVA SOLUTION

Develop a centralized, secure, user-friendly platform

Improve accessibility and resource management

Enable effective progress monitoring

Technologies Used

Frontend

HTML

CSS

JavaScript

UI structure, style, and interactivity

Backend

Node.js

Express.js

Server-side logic and APIs

Database

MongoDB

Storing users, courses, materials, and progress

Development & Testing Tools

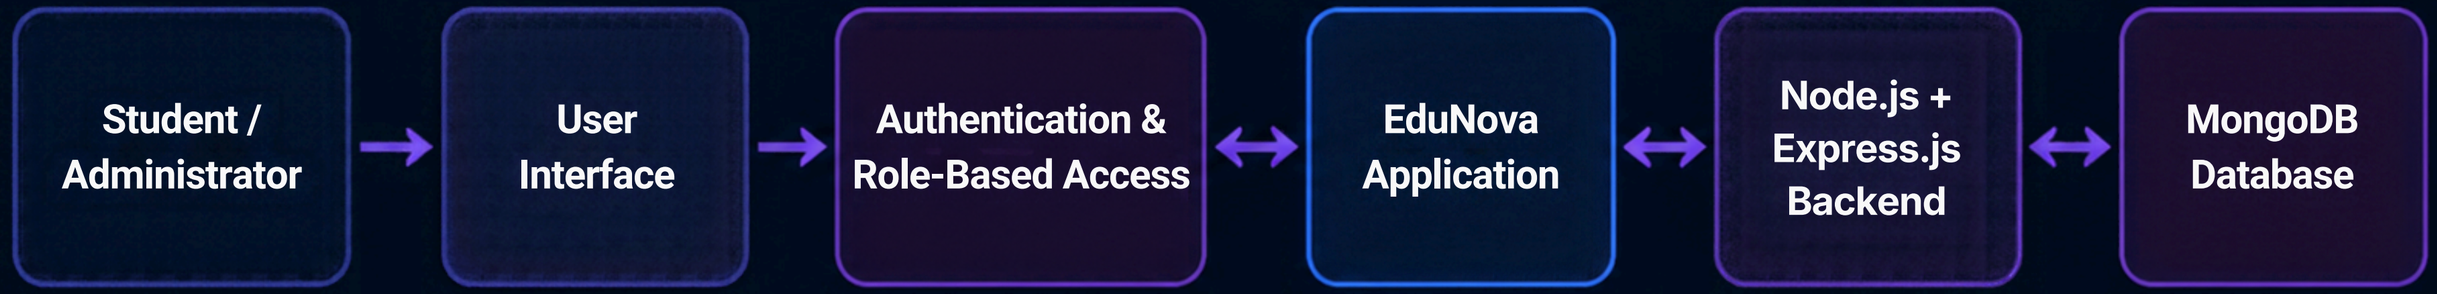
Visual Studio Code

Git & GitHub

Postman

Coding, version control, and API testing

System Architecture & Workflow



USER WORKFLOW

Role-based access ensures students and administrators see the features relevant to their role.

Main Modules

Core building blocks powering **EDUNOVA** – Student Learning Portal

01 **User Authentication**
Secure registration and login for all users

02 **User Management**
Manage profiles and role-based access

03 **Course Management**
Create, update, and view courses

04 **Learning Material Management**
Organize and manage educational resources

05 **Learning Progress Tracking**
Monitor and track student learning progress

06 **Database Management**
Store users, courses, materials, and progress in MongoDB

EduNova – Application Screens

Internship Learning & Skills Gained

Strengthened technical expertise and practical abilities through hands-on development.

TECHNICAL SKILLS

- HTML, CSS, JavaScript
- Node.js, Express.js
- MongoDB
- REST API integration
- Frontend-backend integration
- Authentication & role-based access
- Testing and debugging
- Git and GitHub

PRACTICAL LEARNING

- Software Development Life Cycle
- Full-stack application development
- Database handling
- Problem solving and debugging
- Testing application modules
- Organizing and maintaining project code

Conclusion & Future Scope

CONCLUSION

EduNova is a full-stack web application for digital education

Centralized course and resource management

User authentication and progress tracking

Responsive student learning experience

FUTURE SCOPE

Online quizzes & automatic evaluation

Certificates after course completion

Video streaming support

Improved AI Learning Assistant

Cloud deployment

Mobile application

Email notifications

Admin analytics dashboard
